Please feel free to copy and paste the message below into an email to send it to Senators from your province or territory:

Thank you for your support for equal status for women in the *Indian Act*, and for your historic '6(1)(a) all the way' amendment to Bill S-3.

Please stand firm and continue to support your amendment and equal status for Indian women when Bill S-3 is debated again in the Senate. Senators are right: it is way past time for the decades-old discrimination against women in the *Indian Act* to end.
